

# PHI 152 Fall 2018 Schedule

The following schedule is an estimation of the dates on which we will cover particular topics in this course. As such, it is subject to change.

For each topic, it is helpful to read the section before you come to class, so that you have some idea of what I'm talking about. Then you need to do the assigned homework *by the beginning of the next class*.

**Notice that you do not need to do all the assignments in the on-line course, since we will be skipping some chapters.** You only need to do the assessment quizzes with due dates, although the extra practice can be helpful in studying for the exams.

Section A meets 12:45–2:00 in Pawling 301

Section B meets 2:10–3:25 in Pawling 301
